

**Legal Requirement related to Environment, Health and Safety based on  
ISO 14001 and OHSAS 18001 Management System**

**Organized by  
FICCI QUALITY FORUM**

**Dec 08 - 09, 2014**

**Federation House, New Delhi**

### 1. Introduction

Quite contrary to the popular perception, compliance to the Environment Health and Safety (EHS) regulations is not only required by companies certified to ISO 14001:2004 and OHSAS 18001:2007 but for reducing the business risk for any organization.

It has always been a challenge to those personnel, who are responsible to ensure effective compliance to the applicable Environmental and Health & Safety legal / legislative requirements in an organization. There is always a gap in terms of applicable EHS Legal Requirements and its compliance.

### 2. Course Objectives

The aim of the course is to provide a concerted and comprehensive training on legal requirements on environment, health and safety domain based on ISO 14001 and OHSAS 18001 Management Systems
