FICCI- Pariyojana Training Program on Project Management

Introduction

This three day training program is a comprehensive course aligned with the Project Management Institute (PMI®) *A Guide to the Project Management Body of Knowledge, (PMBOK® Guide) - Fifth Edition*, theory and provides a step-by-step guide to initiate, plan, and execute projects / programs that meets the defined objectives and meet stakeholders expectations. Working through case studies exercises, the program will equip them with best practices in project management and how to apply them to their projects paired with hands-on, real-world exercises taught by instructors who are experienced, PMP®-certified professionals. In this course, you will be introduced to the project management fundamentals and key initiatives for cost, integration, quality, scope, time, risk and procurement management.

Course Objectives

1. To understand the concept and processes of Project Management
2. To learn about the Project phases and Project life cycle
3. To learn about the five Process Groups: Initiating, Planning, Executing, Monitoring and Control, and Closure
4. Training supplemented with real life case studies
5. To learn about the Knowledge Areas:
 - Scope Management
 - Time Management
 - Cost Management
 - Quality Management
 - Risk Management
 - Procurement Management
 - Integration Management
 - Stakeholder Management

Methodology

A judicious mix of class room presentations, exercises, group discussion, real-life case studies and hands-on practice will be used. Participants will be encouraged to relate the learning to live situations.

Participants will be given a pre and post course assessment so that they can actually see the GAP they have covered from this training. On completion of the 3 day training program the participants will be issued a certificate jointly by FICCI and Pariyojana.
